ACCIDENT PREVENTION	2013-0011	Don't Bet Your Life On Unsafe Acts	ERI	13 Minutes	Teach your employees that ignoring safe work practices is just like playing Russian roulette- eventually everyone loses. Set in a variety of industrial settings, this excellent video illustrates the importance of safety through vignettes entry, fall prevention, and welding.
ACCIDENT PREVENTION	2013-0017	I Chose To Look The Other Way- Graphic	ERI	12 Minutes	Injuries can be prevented when employees are willing to speak to coworkers about unsafe acts. This video tells the story of an employee who failed to speak up when witnessing an unsafe act. Choosing to look the other way he allowed the needless death of a coworker to occur. Based on the popular safety poem by Don Merrell this program shows how speaking up can save lives and help develop a positive safe work environment. This video delivers a stimulating message. View with caution as some scenes may be graphic.

BACK SAFETY	2013-0018	Back Safety: Proper Lifting Procedures	Wumbus	16 Minutes	If you think back injuries won't happen to you, or occur on your watch, think again. Surprisingly, 1 in 5 workplace injuries are related to the back. It's no wonder that back injuries are considered by OSHA as the nation's #1 workplace safety problem. Ignoring OSHA standards, workplace safety guidelines, and becoming complacent in the workplace can cost you and your company time, money and possible litigation.
BACK SAFETY	2013-0022	Elements of Back Care in Healthcare	CLMI	16 Minutes	Teaches employees how to properly care for their backs and prevent injuries. Also includes the basic function and design of the back, various stretches and exercises, and proper techniques for patient movements and transfers.

BACK SAFETY	2013-0020	Elements of Back Care in Healthcare	CLMI	16 Minutes	Teaches employees how to properly care for their backs and prevent injuries. Also includes the basic function and design of the back, various stretches and exercises, and proper techniques for patient movements and transfers.
BACK SAFETY	2013-0019	Power Lift: Lifting Training That Works!	American Training Resources	19 Minutes	<p>Most of us have been trained to lift objects with the traditional bend your knees and keep your back straight technique, but it doesn't work. This method forces us to overuse our knees and legs and our backs still end up bearing the brunt of the load. Dr. Michael Schaefer has recognized the flaws of the conventional lifting technique and developed a safe, easy and stronger lifting position...The Power Lift.</p> <p>The structure of the back and why back lifting can be so harmful. Flaws of the traditional "squat lift" technique. Cumulative injury and scar tissue. Keeping the spine in a "neutral position" and the basics of the wide stance Power Lift.</p> <p>The four lifts derived from the PowerLift concept: Tipping Load, Tripod Lift, Golfer's Bend and Lean-Bar Lifting techniques. Adding strength and balance to a lift by bridging.</p>

This program covers: Assessing the Scene; Handling a Medical Emergency; Circulation & CPR; AEDs
BLOODBORNE PATHOGENS	2013-0192	Bloodborne Pathogens: Always Protect Yourself	CLMI	16 Minutes	Designed to provide your employees with a straightforward look at how a Bloodborne Pathogen exposure affects many people, this video presents the circumstances of an exposure situation from three perspectives; the victim, the responder, and the co-worker. Each tells their story and how it relates to how your employees need to protect themselves any time they are potentially exposed to an incident involving blood.

Category	Item	Title	Manufacturer	RunTime	Description
BLOODBORNE PATHOGENS	2013-0031	Bloodborne Pathogens: Training for Employees	ERI	17 Minutes	Many workers make the mistake of thinking that only healthcare providers are at risk from exposure to bloodborne pathogens, but almost all employees in the workforce can be exposed, often when they least expect it. To protect themselves from these microorganisms, employees must receive training and learn specific precautions, which is the purpose of this new program. Viewers will learn the hazards associated with bloodborne pathogens and how to protect themselves from exposure to these hazards by following universal precautions in each and every potential exposure situation.
BLOODBORNE PATHOGENS	2013-0030	Bloodborne Pathogens: Training for Employees	ERI	17 Minutes	Many workers make the mistake of thinking that only healthcare providers are at risk from exposure to bloodborne pathogens, but almost all employees in the workforce can be exposed, often when they least expect it. To protect themselves from these microorganisms, employees must receive training and learn specific precautions, which is the purpose of this new program. Viewers will learn the hazards associated with bloodborne pathogens and how to protect themselves from exposure to these hazards by following universal precautions in each and every potential exposure situation.
BLOODBORNE PATHOGENS	2013-0029	Bloodborne Pathogens: Always Protect Yourself	CLMI	16 Minutes	Designed to provide your employees with a straightforward look at how a Bloodborne Pathogen exposure affects many people, this video presents the circumstances of an exposure situation from three perspectives; the victim, the responder, and the co-worker. Each tells their story and how it relates to how your employees need to protect themselves any time they are potentially exposed to an incident involving blood.

DRIVING SAFETY	2013-0074	Emotional Wreck	Coastal DVD	24 Minutes	<p>Aggressive driving is responsible for 1,500 deaths each year and a 1000 more injuries. Give your employees this eye-opening look at what constitutes aggressive driving, what contributes to it and how one driver's acts can cause a "domino effect" of bad decisions that may lead to tragedy. After watching this dramatic expose of the dangers of impatience, selfishness, obliviousness and competitiveness behind the wheel, your employees are sure to take a deep breath and drive as if their lives depend on it. You and your employees will watch as the four main characters are egged on by the narrator who is riding shotgun or in the backseat with each of them. They unwittingly play right into his hands by getting impatient, allowing distractions, being aggressive, driving to "win" and ignoring the rules and other cars on the road. Watch with horror as he brings one scenario to a tragic end. Learn the official definitions and see examples of aggressive driving; Understand its causes and effects; See past deadly psychological traps; Apply safe driving practices to avoid or defend against aggressive driving.</p>
DRIVING SAFETY	2013-0064	Driven to Distraction-#1	Coastal DVD	15 Minutes	<p>A program developed to raise the awareness of the distractions we face each and every day in our vehicles. This program follows two fictional characters in the events that lead to a crash. A fatal crash that could have been avoided.</p>

HIGHWAY CONSTRUCTION SAFETY	2013-0098	Rigging Safety in Construction Environments	Marcom	19 Minutes	When it comes to crane operations, rigging can often be the weak link that causes an accident. How a load is attached to a crane can make the difference between a successful lift and an unfortunate accident. And rigging-related accidents can often be deadly, due to the large and heavy loads that are lifted. Once a load or a crane itself falls not much can be done to stop it, and there is little time for people to move safely out of the way. This training program points out to employees that over 90% of rigging-related accidents are caused by human error... and that they are the key to preventing these incidents.
